English for academic purposes
Software Systems and Analysis
Theoretical Computer Science

EXPERIENCE

- **Internship at the travel agency "Onur Travel"** <https://www.onur-travel.net/otkryili-filial-v-gorode-aktobe.htm>
Short Description *June 2022- August 2022*
 - I processed customer applications and supported the documents for each drawn up contract. I also filled in information (dates of departure / arrival, passport data, airline data) in the database present from different partners of our travel agency.
- **Computer Science School Project** <https://akb.nis.edu.kz/>
Short Description *Sept. 2021 - April 2022*
 - I did a project in Computer Science in the 12th grade which was one of the exam stages where I had to provide a technical product. In my case, it was necessary to find a client and design a website for his small business. More details can be found here:<https://drive.google.com/file/d/1yrmIfRzlwn-ZuNfBFu5ysFjmyl3pHmix/view?usp=sharing>

ADDITIONAL INFORMATION

- **IELTS Certificate from 17.02.2022 :**
<https://drive.google.com/file/d/1pd2SgDqc5Fdu57mLl3ic-Je7TiryMQhM/view?usp=sharing>
- **One of the Technovation 2019 Semifinalists: Elia Team's participant with the project "Able to Live" :**
